CITY PRISONERS MAKE DASH FOR LIBERTY

John Reagan Fails to Stop When Halted by Guard Allen And Is Shot.

OGDEN, April 15.—At about 8 o'clock this morning, as the city prisoners were being taken to the gravel pit near the city cemetery, two of the prisoners, John Reagan and John Hayes, made a sensational dash for liberty. Guard Jim Allen called for them to halt, to which they paid no attention. The guard then opened fire upon them with a shot gun loaded with buckshot. Hayes was in the lead and escaped the missiles, but Reagan got most of the lead in both hips, and will be laid up for some time. Hayes was later captured and returned to jail.

NO FOUL PLAY IN FRED BECK CASUALTY

OGDEN, April 15.—A further investigation of local officers regarding the death of Fred Beck, who was killed while lying in a drunken stupor at the Hot Springs hotel, shows almost conclusively that the unfortunate fellow was accidentally burned to death while lying in a drunken stupor. Beck's campfire with his clothes saturated with alcohol, some of which he had been drinking a short time before. It also developed that Beck had been working for the P. J. Moran Construction company in Weber canyon and had cashed a check for \$13.65, made in his favor by the company, before he left for the Hot Springs yesterday morning.

The fact that Charles Brown's story, told to the officers when he was questioned at the Hot Springs hotel, has been substantiated in many particulars leads to the conclusion that Beck was not the victim of foul play as was at first suspected when a gun was found on his head. This gun is explained by the officers as having likely occurred when the unfortunate fellow awoke to find his clothing on fire, staggered several yards away and fell headfirst on a lumber pile, where a clot of blood was found.

LOSES LEG UNDER TRAIN.

OGDEN, April 15.—Julius Arnot, a laborer, was run down by Union Pacific passenger train No. 5 Wednesday night, five miles east of Wamsutter, and suffered the loss of his left leg. The details of the accident have not yet been received at the superintendent's office here but it is understood that Arnot was a trespasser on the track and did not hear the approach of the train until he was struck.

HOTEL MEN COMING.

OGDEN, April 15.—Two special trains will arrive in Ogden Saturday morning, April 22, on route east from California carrying 218 members of the New York Hotel association and the New England Hotel association. Many of the hotel men are accompanied by their wives and members of their families. They are returning from an important meeting of hotel men at Los Angeles, during which they will be in the city for several hours, they will probably be entertained informally by the Weber club.

PICKLE WORKS SOLD.

OGDEN, April 15.—G. W. Goddard and J. C. Lake of Salt Lake City have purchased the Utah Vinegar & Pickle Works from Edward Bichel. The consideration could not be learned, but the new company will be incorporated for \$25,000 and will be known as the Bichel Vinegar company. Mr. Bichel will retire from the business and will devote his time to the improvement of his real estate.

RECORD FREIGHT HANDLING.

OGDEN, April 15.—With a record of over 2,000,000 pounds more freight handled during the last 30 days than during the corresponding period of last year, the local freight department of the Harriman lines are demonstrating the recent necessity of new quarters for the large modern structure now under the course of erection to be used for this purpose cannot be completed quickly to suit Joint Freight Agent W. H. Cheevers and his large force of clerks, checkers, weighers, etc. More freight is handled daily at Ogden than at any point between Omaha and the coast, and the volume of business is steadily increasing. When completed, the new quarters will be among the finest in the country. The new building extends from the middle of the block north of the Union depot to the Scoville warehouse, a distance of over a block. A space 15x150 feet will be reserved for the clerical office and the second floor of the immense structure will be devoted to the use of general and private offices of the various freight officials.

OGDEN POLICE COURT.

OGDEN, April 15.—L. R. Child was arraigned in police court Thursday morning, charged with violating the city ordinance, and was sentenced to pay a fine of \$5.

Otto Paul was charged with disturbing the peace, to which he pleaded not guilty. Testimony showed that Paul, who is a laboring man about 40 years of age, had entered the Montana rooming-house on Twenty-fifth street at an early hour Thursday morning in company with a young man, intending to engage a room. Being rather travel-stained from a trip from Pocatello, the two men entered the public bathroom at the rooming house, intending to improve their appearance before applying to the proprietor for a room. While in the midst of their ablutions, the proprietor, S. J. Van Ness, entered the bathroom and, after inquiring as to their business, proceeded to drive them forth with his fists and a club. Paul called to a policeman for protection and was arrested for his troubles. Evidently Van Ness disliked being aroused from his slumbers and the court decided that he had been the aggressor and discharged Paul.

A trio of colored men, F. A. Wilson, a cripple, and Elmer Maginlis and James Clay, were given "floaters" on the charge of vagrancy. The city attorney recommended that they be given the usual suspended sentence, although one of the men claimed he had a job and another stated that he was going to help his friend with the aforementioned job.

Brothers were allowed to leave town on a suspended sentence of 90 days on a vagrancy charge.

Mike O'Neil had been drunk. He was not thoroughly sober, so the court instructed the officers to give him some time to get thoroughly sober and then discharge him under a suspended sentence of 20 days. Mike is an old offender.

John Collins, a frequent visitor at the abode of Jailer Anderson, admitted that he had been a "little drunk," and was given the usual five days in which to sober up.

George Tracy pleaded guilty to mendacity and was sentenced to remain in jail for 10 days or pay a fine of \$10.

The bail of J. B. Christensen, amounting to \$5, was declared forfeited by reason of his non-appearance to answer to the charge of drunkenness.

Ebels Edson was not present to answer to the charge of disturbing the peace and an order was made for his re-arrest.

STATEMENT OF COUNTY ATTY. IN COULTHURST CASE

(Special Correspondence.)

PROVO, April 15.—Judge Evans, county prosecuting attorney for Utah county, has made the following statement in the Coulthurst case, which has attracted considerable attention here, and among the public generally throughout the state. Mr. Evans says: "I understand there is considerable criticism in regard to the county attorney's refusing to prosecute the alleged Coulthurst for perjury, also to have been committed in the trial of the prosecution of Thomas Coulthurst under the promotion ordinance, or county attorney's affidavit made by Coulthurst in order to secure a new trial in said case."

"Before the county attorney can make complaint against him for perjury he must first show Coulthurst is, in pursuing this inquiry, where would the prosecution lead to?"

"It would lead to the following conditions:—

"When did Coulthurst lie?"

"This question must be answered by a prosecuting attorney before a complaint for perjury can be drawn."

"If he lies in giving his testimony on the witness stand, when he adds with testimony that he procured intoxicating liquors from Thomas Coulthurst, then in order to convict Coulthurst, Muth would be equally guilty with Coulthurst, and the state would have to take the position that the city officials hired two disreputable scoundrels and felons and had them placed upon the witness stand, and thereby credited them before the court and jury as credible witnesses, when in truth and in fact they were both perjurers and felons, who were willing for the paltry sum of \$4 per day to commit a felony in order to secure a conviction against an innocent citizen of Provo for a misdemeanor. Do the people of Provo want the county attorney's office to take this position?"

"If Coulthurst lied in his affidavit made for the purpose of securing a new trial for Holladay, and thereby committed perjury, he should be prosecuted in Salt Lake county, as the affidavit was sworn to in Salt Lake county, and the courts of Utah county would have no more jurisdiction to prosecute him in Utah county than the courts of Utah county would have to prosecute a man for murder committed in Salt Lake county."

"If the county attorney takes the position that Muth and Coulthurst told the truth on the witness stand, then no crime has been committed by them or either of them in Utah county, and it is for the authorities of Salt Lake county to determine whether or not a crime has been committed in Salt Lake county."

HEAVY FINE FOR HAZING STUDENTS

(Special Correspondence.)

LOGAN, April 14.—Several weeks ago there was a general clean-up day at the B. Y. College and it was agreed among the students that any one who failed to help in the cleaning up of the school grounds should be treated to a fine free half-cut. A student named Nelson failed to put in an appearance and after it had been learned that he had gone off and played ball he was taken and given the promised half-cut. He once swore out a warrant of arrest for five of the boys he recognized as his assailants. The case has been continued for several weeks for one reason or another until yesterday afternoon when the trial was had. This morning Judge Bringham dismissed the case against three of the boys for lack of evidence, but fined the other two \$50 each.

ARBOR DAY OBSERVANCES.

LOGAN, April 14.—On account of the horse fair that is to be held in Hyrum tomorrow the A. C. celebrated Arbor day today. There was an excellent musical program rendered and State Senator Badger made an address. This was followed by the planting of a number of trees on the college campus.

At the B. Y. College the celebration will be held tomorrow and President Linford of the college will deliver the oration of the day. The musical program arranged for the day is an unusually fine one.

COUNCIL STILL FILIBUSTERING.

LOGAN, April 14.—The city council made another ineffectual attempt to meet last night. The Republican members called the meeting to order on time and as there was one of the Democrats present there was a quorum. Mr. Stevens of the Republican side was elected chairman, but the other Democrats coming in at this juncture refused to participate in any meeting of the council unless John T. Calne, day, May 24, should be recognized as president of it and so there was nothing further done. There is a good deal of business awaiting the action of the council.

UP TO LEGISLATURE.

Black Hawk War Pensions May be Forthcoming by That Route.

After having held a conference with Senators Reed Street and George Sutherland, and Representative Joseph Howell in regard to a pension for the survivors of the Black Hawk war, the Utah Indian war commissioners will leave for Salt Lake today according to advices from Washington, D. C. There is only one hope, it is stated, of securing a pension for veterans and a report will be made to Gov. Spry. The commission will recommend that the state legislature present a claim to the government for supplying troops to fight the Indians. If such a claim could be put through Congress, the Indian war veterans would stand a chance of obtaining a pension.

No Preservatives Used In Canned Fruits and Vegetables

We want you to know, Mrs. Housewife, that the talk about preservatives doesn't refer to canned fruits and vegetables.

Corn, peas, tomatoes, peaches and all vegetables and fruits are preserved by sterilization alone. That means by heat.

This is true of any brand, put up by any canner. For preservatives are unnecessary. To use them would be useless expense.

Vegetables and fruits for canning are taken fresh from the gardens and orchards. They are usually canned the very day they are picked.

They are cooked in the cleanest of kitchens—cooked just as you cook them yourself. And nothing whatever is added, save sometimes a savor of salt for vegetables or sugar for fruits.

They are sterilized by heat, after the cans are sealed. When you open a product—perhaps months after the canning—it is as fresh as the day it was picked.

Modern canning began with the invention of sterilization. In the old days most of us for most of the year had to go without fresh vegetables and fruits. Now we have them all the time. Hundreds of millions of cans are put up in the season of plenty for the seasons of dearth.

This has had immense effect on good health, for fresh vegetables form an essential part of our diet. Don't let mistaken prejudice rob you of all this good. Canned vegetables and fruits are just as free from preservatives—as those you cook yourself. This is always true. Fruits and vegetables naturally vary. One crop may excel another. One section may grow finer grades than another. But all are clean, all pure, all free from preservatives.

Del Monte—Best Value of Our 400 Brands of Tomatoes

Selected tomatoes—large, vine-ripened and firm—are the Del Monte brand. We put up tomatoes under 400 different labels; many for dealers who own their own brands. This year we put up over a million bushels of tomatoes. The cream of that crop can be placed on your table this winter by simply asking your grocer for Del Monte tomatoes.

A can of Del Monte tomatoes is principally solid tomato meat. We drain off all extra water. That is why you will find a can of Del Monte contains two or three times as much actual tomato meat as other brands. You will always be sure of the best value in tomatoes by insisting on Del Monte, for it carries our name and guarantee. The same is true of all Del Monte fruits and vegetables. All grocers can supply you.
